ABOUT ME

I am Sagar, a dedicated and self-driven BCA student at IPS College, Gangoh, with a deep interest in web development and programming. I prioritize practical learning over theoretical scores, which inspires me to work on real-world projects and continuously sharpen my technical skills. I have hands-on experience with HTML, CSS, JavaScript. I've worked on projects such as a Typing Speed Test Software, focusing on clean design, functionality, and responsiveness. As a fresher, I am enthusiastic about gaining industry experience, learning from challenges, and making meaningful contributions to any team I join
